CPCB PROFESSIONAL DEVELOPMENT SERIES

How to prepare yourself for success in graduate school and beyond

—OR—

*How to avoid saying, "I wish I had done
that during graduate school..."*

Date: Wednesday, September 17

Time: Noon to 1:00 pm

Location: 6501 GHC

Ready to get METASCHOOLED?! Our first MetaSchool, aka the CPCB Professional Development Series, event this year will discuss strategies on what it takes to succeed in graduate school and how to best position yourself for a career in academia or elsewhere. Senior CPCB students, **Kristina Buschur, Geet Duggal, Ericka Mochan, and Devin Sullivan**, will also share their experiences and lead a discussion to talk about the successful and unsuccessful strategies that they've employed in their graduate careers and job preparations. We invite CPCB students at all levels to join us for an enlightening discussion over lunch to learn how to avoid regretfully saying, "I wish I had done that during graduate school...".

Lunch will be provided, Please RSVP...
