PH.D. PROGRAM IN

Computational Biology

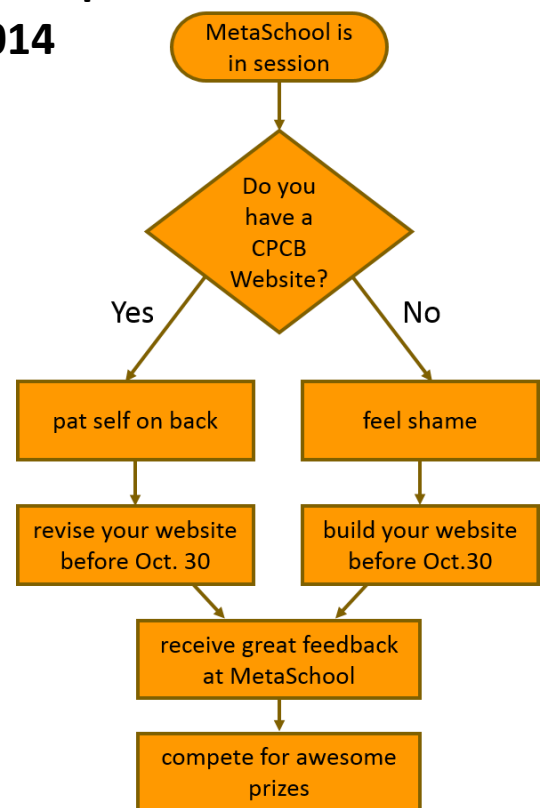

CPCB PROFESSIONAL DEVELOPMENT SERIES

YOUR CPCB Student Website (and your LinkedIn page too)

Date: Friday, October 30, 2015
Time: 3:30 to 4:30 pm
Location: BST-3 6014

- What is your online presence?
How effective is it?
Who cares?
When will the directors kick me out of the program for not having a CPCB-linked website?
Can it get you hired?
Can it stop you from getting hired?

Prepare your CPCB-linked webpage and LinkedIn profile to compete for great prizes...and bragging rights...and to not get kicked out of the program for not putting up a website*.

*humor, but really, you should do this and attend MetaSchool.
